Unmet needs after stroke study

LUNS

Evaluation of a new stroke monitoring tool  
LUNS (Longer-term Unmet Needs after Stroke)

## UK Stroke Forum

The LUNS team will be at the UK Stroke Forum, at the SRN adopted studies stand (6 & 7), in Glasgow, 29 November – 1 December.

## Study Results

We are presenting the LUNS study results at the UK Stroke Forum on Wednesday 30 November, in Parallel session 1(d) Late breaking research study results 11:45 – 1300. We hope to see you there!

## LUNS study update

The study is closed and REC declaration of end of study form was completed on 2<sup>nd</sup> September 2011. Every site and R&D department has been provided with a copy of this form and the MREC acknowledgement. Archiving the site file and CRFs at sites should be underway.

Data analysis is currently ongoing. We are assessing the reliability, validity, internal consistency, and acceptability of the LUNS monitoring tool.

Please get in touch if you have any questions about the study.
